What is Transparent Language

Transparent language offers pronunciation practice, speech analysis, grammar, writing activities, and vocabulary-building activities. Patrons can learn on their own time, at their own pace in the library, in the comfort of their own home, or on-the-go.

How do I access all this great information?

You will need a library card (free!) in order to access. Go to www.randquest.org and select our **Language** tab on the left side of the page to open a drop-down menu showing a link to Transparent Language. You can also click on the Transparent Language box in the center of the page.

The screenshot displays the Randolph County Library website interface. On the left, a vertical menu is open under the 'Language' tab, with 'Transparent Language' highlighted. The main content area features a grid of resource tiles. A black arrow points to the 'Transparent Language' tile in the bottom row of the grid.
